

TOURS

# Asking for your help.

Sophie Lawler, Age 4, was diagnosed on August 23<sup>rd</sup> with Stage 4 Ewing Sarcoma. To ensure she receives the best of treatment, both parents have been by her side constantly. Colleen, a public defender, left her position as a public defender. Ted, a sole proprietor, is not taking on any work.

Although privately insured, funds raised are being used to offset medical, travel and expenses in general to give her the best outcome possible for a long life.

"Thank you for your deeply felt support .

We don't know how one gets through alone."

Colleen and Ted, Sophie's Mom & Dad
